The costs are based on contract unit prices, time and materials, or negotiated under the provisions of the contract specifications. The methods for arriving at the costs of the changes are included in the enclosures.

PROJECT ID NO. TSM0010225 - Garvey Avenue, et al. (in the Cities of Alhambra, El Monte, Industry, Monterey Park, Rosemead, South El Monte, Walnut, and West Covina and in the unincorporated communities of Hacienda Heights and South San Jose Hills), Supervisorial Districts 1, 4, and 5, Contractor: C. T. & F., Inc.

Project Description:

Modification and synchronization of traffic signals and other appurtenant work.

Changes in Work:

| | |
|--------------------------------|--------------------|
| (1) Modify existing curb drain | \$ 1,000.00 |
| (2) Exploratory excavation | 4,500.00 |
| (3) Standby time | 4,464.75 |
| (4) Increase bid quantities | 36,964.00 |
| (5) Foundation modifications | <u>4,217.00</u> |
| Total | <u>\$51,145.75</u> |

Description of Changes:

(1) Your Board previously approved a change in work to modify an existing curb drain. The cost of this work will exceed the previously approved amount by the amount shown.

(2) Your Board previously approved a change in work for exploratory excavation. The cost of this work will exceed the previously approved amount by the amount shown.

(3) During the installation of a 3-inch Polyvinyl Chloride Pipe by directional boring, the contractor hit a water mainline that was marked incorrectly. It is necessary to compensate the contractor for standby time while the water mainline was repaired.

(4) The actual quantities of several bid items will exceed the bid quantities by more than 25 percent. The prices for these bid items have been renegotiated for lower amounts. This change reflects the increase in bid item quantities at the negotiated lower prices.

(5) Limited space is available for a traffic signal foundation due to a conflict with an existing storm drain at the intersection of Nogales Street and La Puente Road.

Modifications will be made to the foundation to fit the limited space. This work is not shown on the plans.

The costs for Items 1 and 3 will be based on time and materials basis as provided in Subsection 3-3 of the contract specification. The cost for Item 2 will be based on contract unit prices. The costs for Items 4 and 5 will be negotiated as provided in Subsection 3-2 of the contract specifications.

The local share of the project cost will be funded from this TOP allocation. This project will be done at no cost to cities involved.

Funding for these changes in work is included in the Fiscal Year 2011-12 Proposition C Local Return Fund Budget.
